Muloki Elizephen Derick

Information Technology Graduate

Uganda | mkderick@outlook.com | 0758 626 307 (WhatsApp) | github.com/Muloki-256

PROFILE

Bachelor of Information Technology graduate with hands-on experience building offline-first mobile apps and GIS web applications, and doing field research with smallholder farmers. Works in coffee processing at MH Specialty Coffee Uganda and aims to build technology for the coffee and agriculture value chain. Immediately available and open to relocation.

EDUCATION

Bachelor of Science in Information Technology 2023 - present, graduating soon
Muteesa I Royal University, Masaka

Certificate in IT Essentials: PC Hardware and Software 2023 - 2024
Cisco Networking Academy

Uganda Advanced Certificate of Education 2021 - 2022
Bishop Dunstan Nsubuga SS, Kalangala

EXPERIENCE

Processing Officer Current
MH Specialty Coffee Uganda

IT Innovation Club Leader March 2025 - present
Muteesa I Royal University, Department of IT

- Coordinate weekly sessions for first-year students, allocating tasks and keeping the group on track.
- Handle troubleshooting requests calmly and one at a time, even when several arrive at once.
- Write short plain-language guides so non-technical people can follow a process on their own.

SELECTED PROJECTS

Kalangala Palm Monitor (final year project) Flutter, Dart, SQLite

- View-only, offline-first mobile app for oil palm farmers of the Ssese Oil Palm Growers Co-operative Society, showing harvests, itemised deductions, loan balances and net earnings.
- Researched with 50 questionnaires, 12 key informant interviews and 3 focus groups; 74% of farmers had lost a receipt and 79% could not verify deductions.
- Usability tested with 15 farmers: 8 of 9 tasks met the 70% first-attempt benchmark; mean 4.7/5 for "I would use this application again".

Masaka Road Accident Hotspot Mapping (GIS analysis and web map) | **Kampala Health Centers** (web app) | **Clinic Management System** | **Customer Churn Prediction** (Python, Streamlit)

SKILLS

Technical: Flutter, Dart, SQLite, Android, Python, Streamlit, web applications, GIS and hotspot mapping, PC hardware and networking basics.

Research: questionnaires, interviews, focus groups, usability testing.

Professional: accurate record-keeping, clear written and verbal communication, mentoring, working under pressure, flexible and seasonal hours.

Languages: English, Luganda (native).

REFEREES

Eng. Kyasanku Shaban, Lecturer and Academic Advisor, Muteesa I Royal University | **Mr. Bisula Disan**, IT/Data Officer, Ssese Oil Palm Growers Co-operative Society Limited. Contact details available on request.
